Community Impact

We asked: How has the Food Pantry helped you or your family?

The Food Pantry has helped me to make ends meet between paychecks and keep me healthy. It also has taught me to not be afraid to accept help.

The Pantry has been a great help for my family because with them, I've found economic help when I most needed it.

It's a great help for me and family this food that you give us since in my home, only my husband works. I take care of my 15-month-old baby and sometimes we don't have enough money. This food helps us save on expenses.

Love the baking ingredients! I get to bake with my grandkids. You have kept me fed and I learned how to be creative.

It helps me a lot, especially eggs, meat, vegetables, fruit. These are foods we consume a lot. I'm out of work, and this food is a blessing.

This helps supplement my weekly food budget and I eat healthier food. It helped with the cost of food. Great positive staff.

The Pantry has helped me consistently feed myself with healthy and nutritious food.

It's been an invaluable help, and we are very grateful! Even with two jobs, as a single mom, I don't make enough money to make ends meet, so this helps stretch my grocery budget enough to cover the month. Thank you!

It provides healthy food for my family that we couldn't have without the Food Pantry.
